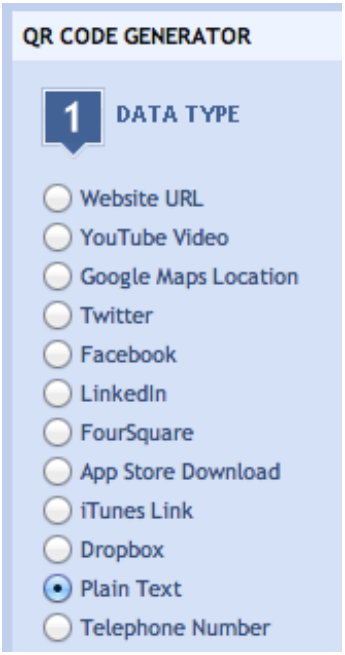
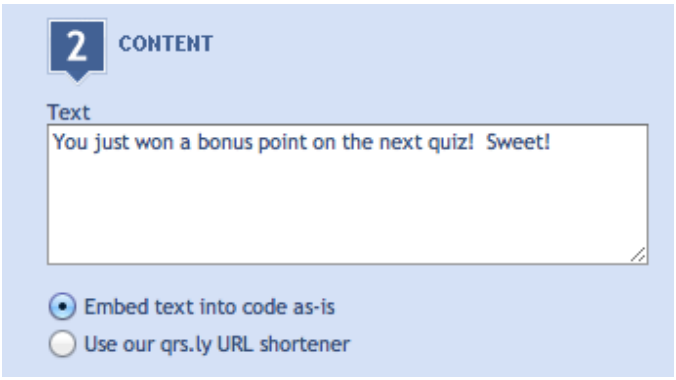
Easy QR-Code Prizes

Free & Fun Prizes for Classroom Games & Competitions

1) Go to www.qrstuff.com and select "Plain Text".



2) Type a "prize" idea in the "Content" box.



3) Download the QR code. Rename it so you remember what "prize" the QR-code's text message references. (For example, you might title this code "BonusPtQuiz")

4) Create an assortment of codes, place in a document, and print as needed for handy, free, prizes. Place in a hat, a box, on index cards, etc. and let each winning student choose and scan a code to add a little novelty and curiosity!
